Summary

UX/Product Designer with experience designing smart TV, appliance, and cross-device experiences at Samsung. I combine user-centered design with AI-assisted prototyping and frontend skills to build intuitive, scalable, and high-impact solutions.

Skills

User Research • Wireframing & Prototyping • Interaction Design • Information Architecture • Usability Testing • Design Systems • Workflow Design • Strategy & Problem Solving • Gamification

Software & Technologies

Figma • Axure • Photoshop • Illustrator • VS Code • Cline AI • Unity • HTML5* & Tailwind CSS* (*AI Assisted)

Experience

UX Designer

Jul 2024 – Present

Samsung R&D Institute - Delhi(SRI-D)

- Designed end-to-end UX flows for AI-powered education features on Samsung Smartboards (WAF devices used in US schools).
- Conducted competitive analysis and translated insights into product improvements.
- Designed UX for Samsung TV platform experiences and operational tools.
- Built AI-assisted frontend prototypes using Cline, VS Code, HTML and Tailwind CSS.
- Designed UX for live event management systems on Samsung TV platforms.
- Revamped infrastructure portals, improving data workflows and operational efficiency.
- Enhanced customer-facing in-workout content management systems for scalability and usability.
- Contributed to Samsung TV sports experiences, structuring complex data across schedule, layout, and media surfaces. AI-assisted Frontend Prototyping
- Built a fully functional frontend prototype for a third-party tool in six days using AI-assisted workflows with Cline and VS Code.
- Implemented scalable UI using HTML and Tailwind CSS for rapid iteration.
- Bridged design and development by translating UX concepts into working interfaces.

UX Design Intern

Jul 2023 – Dec 2023

Samsung R&D Institute - Delhi(SRI-D)

- Conducted ethnographic research and contextual inquiry in call centre to uncover user insights for Customer Experience.
- Explored Generative AI applications in UX and proposed innovative product directions.
- Designed interaction flows to reduce user effort and improve task efficiency.

Gameplay & Narrative Designer

Apr 2023 – May 2024

Campfire Stories

- Designed narrative structure and gameplay systems for an episodic game experience.
- Created level flows, interaction mapping, and progression systems.
- Collaborated on UI/UX design for game menus and player journeys.

Concept Designer

Nov 2019 – May 2020

Flowchart

- Designed retail experiences and customer journeys for luxury brands.
- Created spatial and digital interaction concepts for in-store engagement.

Research & Innovation

Research Paper – Smart Appliance & Gaming (Under Review)

Explores interaction models on smart appliances and engagement patterns for gaming on these devices.

Internal Hackathon – AI Experience (AX) Concept

Conceptualized an AI-driven productivity boosting dashboard focused on personalization and adaptive interaction efficiency.

Leadership & Initiative

- Active Culture Catalyst at Samsung SRI-D.
- Host – SRI-D Employee Meet.

Achievements

- Winner – Samsung E.D.G.E. Season 7: S-Intera (Samsung Interactive) is an FMV-based gamified experience designed to create direct, engaging communication with consumers.
- Research Contribution: Indian Craft Interiors book published.

Education

M.Des – Digital Game Design

National Institute of Design, Bangalore

2021 – 2024

B.Des – Industrial Design

Unitedworld Institute of Design

2014 – 2018
